**I understand that I must be present in the Gilruth Center (NASA-JSC Building 207) at all times while my child is under the supervision of Starport Short-Term Child Care (Starport's Kid Space).**

I understand that Starport's Kid Space supervision begins when I sign my child in to the Kid Space and ends when I sign my child out of the room. I understand that this service is only provided to patrons who are participating in a scheduled Starport Group Exercise Class in a designated studio and/or room at the Gilruth, or working out in the basketball gym and/or in the fitness center at the Gilruth. This service is not available to training or recreational class participants or social gathering attendees at the Gilruth.

I understand that Starport's Kid Space does not take reservations. I may enquire about space availability by calling the Starport Information Desk at 281-483-0304.

I understand that if my child exhibits any signs of illness (i.e. coughing, fever, etc.), he/she will not be allowed to stay in Starport's Kid Space.

I understand that my child will not be released to any person other than myself.

I understand that no food or drink will be given to my child while in the care of Starport's Kid Space staff and that no food or drink is permitted within the Kid Space room.

I understand that Starport's Kid Space staff members do not escort, transport, or supervise children outside of the room designated for short-term child care. This includes bathroom visits, and I understand that it will be my responsibility to escort my child to and from the bathroom if needed.

I understand that Starport staff members need to set limits so that all children can learn respect for things and people in their environment while at Starport's Kid Space. Giving children choices and redirection will be the tools most often used by staff members.

I understand that all precautions will be taken to ensure the safety and health of my child. I further understand that neither Starport's Kid Space nor its representatives shall be held liable or responsible for medical treatment in such case of illness, accident, or other emergency.
