

## **CATERING SERVICES**

We've been hotdoggin' it for over 85 years now! What began as a dream and a one-store operation has evolved into a successful 22 unit restaurant chain. At **JAMES CONEY ISLAND**, we know what made us Houston's favorite hot dog eatery: Great food, great service and friendly people. We've tried to keep those things in mind as we've expanded over the years, because we know it's our customers that have made **JAMES CONEY ISLAND** the tradition it is today.

The same great recipes still remain a company secret and has not changed since the original store opened in 1923. What keeps the company going is our dedication to our past and, our vision for the future.

One of the most important aspects of **JAMES CONEY ISLAND** is our catering service. We have served our famous Coney Island hot dogs to more than 7,000 people aboard the U.S.S. San Jacinto and have served in the last years tens of thousands of people.

## **STAFF AND FEES**

We supply our own fabricated equipment to suit any environment. Our set-up is neat. The tables we provide to serve from are equipped with tablecloths and skirts, which gives a complete finish to our set-up. We provide all utensils for our guests, including sturdy plates, forks, and napkins.
